A. STRENGTH

Foreword

This is a record of your footsteps through Trinity High School this year. We hope it has been a good year. It is the annual staff's wish that this book be a record of many pleasant experiences.

DAN L. CALIHAN

Editor-in-Chief

Administration

The extent of education of our youth today will determine the type of democratic society in which we shall live tomorrow. Our school is endeavoring to offer educational experiences to each child; whereby he or she may be more capable of coping with the complex problems which are challenging many of the principles of our democratic way of life. I urge each student to diligently pursue knowledge, skills, and fundamentals of good citizenship so that he or she may become the type of citizen worthy of our American heritage.
